

Rehabilitation and Fitness Center

## *a truly* **Exceptional Place**

Roseview Nursing & Rehabilitation Center, LLC is conveniently located on the corner of Claiborne Avenue and Mansfield Road just minutes away from all major medical centers, University Health, and numerous doctors' offices and the offices of other health care professionals. The warm and friendly atmosphere experienced here reflects the long tradition of quality care that was begun long ago by Ralph Ballentine ... a tradition based upon our belief that what counts most in a nursing facility is resident care. At Roseview, we know that quality resident care is no accident. It is the result of thorough training and hard work with a constant goal of improvement. It is also the result of a team of professionals committed to providing the very best in quality care. Our facility is one of Louisiana's most innovative leaders in quality long term care and is continually working to upgrade and improve its services. This innovative spirit is evidenced by being one of the first facilities in our area to have an in-house nurse practitioner, leading our profession in electronic medical records, or simply by adding computer systems that are physically interactive and mentally engaging for our residents. Our amenities include private and semi-private suites, arts & crafts center, chapel, in-house rehabilitation and fitness area, and day rooms ideal for a quiet afternoon show, a lively LSU ballgame, or an evening of cards or dominoes. Our rehabilitation programs, including physical, speech, and occupational therapy, offer our residents the opportunity of returning to their greatest degree of independence with many returning to their own homes and families. Our Physical Therapists help restore the range of motion, balance, strength, coordination, and functional mobility that allows our patients to improve the quality of their lives. Our Speech Therapists evaluate and rehabilitate swallowing disorders, language, speech, written and spoken verbal communication and verbal memory problems. Our Occupational Therapy team evaluates and provides training in activities of daily living such as feeding, dressing, bathing and meal preparation. At Roseview, we are committed to *Improving Quality of Life*.

## **Central Management Company LLC**

is passionate about its mission to *IMPROVE QUALITY OF LIFE*. Beginning in 1962 with *Autumn Leaves* in Winnfield, we are a local company that operates nursing facilities, home care agencies, and rehabilitation services across Louisiana and has over fifty-five years of experience in long term care. Central Management continues to earn the respect of our residents and their families, as well as our peers in the medical community. While each facility is unique, having its own personality and character, all are bound together by a corporate philosophy and commitment. We emphasize and value quality care and superior service in all our facilities throughout the state. Our commitment to *IMPROVING QUALITY OF LIFE* is not a passing fad or empty slogan. It is found in every facility, in every administrator and in every department.

At Central Management Company we take our responsibility to be good stewards seriously and put our resources where our priorities are. We believe in continuous staff development and training, substantial reinvesting in upgrading (or rebuilding) our facilities, and adding cutting edge technology to provide the very best services to our customers. We believe our staff makes the difference. They are first in line to partner with state agencies and trusted vendors to test and evaluate new procedures and services and have served on many boards and committees throughout the state including the Louisiana Nursing Home Association, the American Healthcare Association, the Louisiana Board of Examiners for Nursing Facility Administrators, LEADER (Culture Change), and numerous local and civic organizations. Our supervisors and administrators expect more than mere technical compliance with governmental rules and regulations. They lead a team sensitive to the social and emotional needs of the residents. Consequently, our employees know more than their job - they know the importance of a kind word, a gentle touch, and the healing power of a smile. Our staff is passionate about *IMPROVING QUALITY OF LIFE*.
